

BLACK BOX[®]

NETWORK SERVICES

FRAMEROUTER

Get low-cost Frame Relay connectivity for your LAN.

Key Features

- ▶ **LAN connectivity over Frame Relay.**
- ▶ **Integral CSU/DSU or serial WAN links.**
- ▶ **IP and IPX routing.**
- ▶ **Multiprotocol data compression.**
- ▶ **SNMP manageable.**
- ▶ **Optional security features.**
- ▶ **Fast Internet access.**

If you want to link your LANs economically over Frame Relay, look no further than the FrameRouter.

The FrameRouter has the capability to piece together your branch offices with the main network, as well as granting speedier Internet access. It also

allows you the freedom to link your LANs over any protocol you choose: IP, SLIP, PPP, Telnet™, IPX™, RIP, SAP, ARP, and Frame Relay and X.25.

And the FrameRouter can be ordered with or without a DSU to aid in direct connection to digital services, depending on whether

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a

vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.

What You'll Receive

- (1) FrameRouter
- (1) DB25 to RJ adapter
- (1) RJ-11 cable
- (1) Network cable
- (1) Users' manual
