# BLACK BOX®
## NETWORK SERVICES

---

## Cable Organizers

*Black Box offers you five ways to keep track of cables:*

*1. Marked Color Cables*

*2. S110 Wire Managers*

*3. Reuseable Cable Wraps*

*4. Cable Markers, Labels, Tags, and Ties*

*5. FloorTrak Cable Covers*

---

### Key Features

▶ *Mount designation labels between each row of connectors.*

▶ *Come with 2-, 3-, 4-, and 5-pair markings.*

### *Marked Color Labels*

Marked Color Labels help you mount designation labels between each row of connectors. Each label has 2-, 3-, 4-, and 5-pair markings that can be used for color coding.

With the 50-, 100-, and 300-pair wiring blocks you can snap designation strips between the two center rows. This is especially helpful when you have monitoring or other devices installed between the outer rows.

With Clear Label holders, you can snap labels between the two center rows of 100- and 300- pair wiring blocks for added identification convenience.

## Ordering Information

*This information will help you place your order quickly.*

| PRODUCT NAME | ORDER CODE |
|---|---|
| 110 Wiring Blocks with Legs | |
| 50-pair | JP018 |
| 100-pair | JP019 |
| 300-pair | JP020 |

Key Features

▶ *Made of high-strength, flame-retardant thermoplastic.*

▶ *Related cables stay together in one conduit.*

S110 Wire Managers

S110 Wire Managers help you keep all the wires from your different applications in order, by snapping each into its own slot on the rack.

The wire management panels fill one rackmount space (1.75 inches) on a 19" EIA standard relay rack. They can also be wallmounted.

| PRODUCT NAME | ORDER CODE |
|---|---|
| S110 Wire Managers, 19 inches (48.3 cm) | |
| Black | JPM041 |
| White | JPM040 |

Key Features

▶ *Easy to loosen yet stay snug when tightened.*

▶ *Color-coded, easy to organize.*

*Reuseable Cable Wraps*

Reuseable Cable Wraps secure and organize medium-to large-sized bundles of cables. They are color-coded for easy identification of cable runs.

These Velcro® staps can be easily loosened or removed to service the cable. It's just as easy to tighten or reinstall them when the cables are rebundled.

## Key Features

▶ *Color-coded for easy identification.*

▶ *Wide labels allow ample space for your notes.*

▶ *Help you keep multiple cables organized.*

### Cable Markers, Labels, Tags, and Ties

Cable Markers and Color-Coded Cable Labels have adhesive backing to stick to a cable. They have plenty of space for your notes. Cable Markers come in black. Cable Labels come in five colors: orange, green, black, red, and blue.

Cable Tags help you identify cables easily. Choose from three lengths. All are made of plastic.

Cable Ties secure tags to your cable and are ideal for bundling your cables.

| Screw-Down Loop | 1.8 in. | (4.6 cm) | 8.0 in. (20.3 cm) | FT908 |

## Key Features

▶ *Protects pedestrians and cable.*

▶ *Easy to install.*

▶ *Blends in with your office decor.*

### FloorTrak Cable Covers

Sometimes you can't avoid running a cable across the floor. But you *can* avoid dangers to pedestrians *and* to the cable by slipping it into a FloorTrak™ Cable Cover. The FloorTrak Cable Cover is sloped on both sides to minimize tripping.

Each one is pre-slit, to make installing the cable easy. The slit also eliminates the risk of crushed cable. And they come in colors to match most popular office carpets.
