Ergo Mouse Pad and Wrist Rest

Protect your hands from stress and fatigue.

Key Features

- ▶ Hold wrist at a comfortable position.
- ▶ Contoured to fit the curves of your wrist.
- ▶ Reduce risk of carpal tunnel syndrome.

Technically Speaking

The Ergo Mouse Pad and Wrist Rest reduce the stress in your hands and arms that builds up working at a computer all day. Many hours of typing can cause carpal tunnel syndrome.

The Ergo Mouse Pad and Wrist Rest have curves which

encourage proper wrist posture that relieves that tension by following the natural curves of your hands.

Both are designed for long life with soft edges so that the fabric resists fraying.

They are made of fully washable neoprene rubber which is laminated to a durable plastic backing for easy cleaning.

For these and other components...

Call our Technical Support Staff for all your PC/Communications Accessory needs. They'll help you find the best equipment for your application.
