ELITE SERIES DATA CABINETS AND ACCESSORIES

Get organized now! Mount your equipment in these preassembled cabinets.

Key Features

- ▶ ***Preassembled—we do the work for you!***
- ▶ ***Easily adapt to three different EIA rack mounting standards: 19", 23", and 24".***
- ▶ ***Pre-drilled bottom can accommodate heavy-duty server shelf.***
- ▶ ***Choose movable AC power strip with 6, 8, or 16 outlets.***
- ▶ ***Order the optional exhaust fan panel to get air circulation inside the cabinet.***
- ▶ ***Available in blue, black, ivory, or gray.***

Designed with all the features you want, the Elite Series Data Cabinet from Black Box comes no assembly required.

Removable side panels install flush—with no handles or knobs to break. Vents on the top front and rear door aid air circulation and help reduce excess heat and humidity.

The cabinet fits into most space-saving arrangements, whether you want the cabinet's door to swing left or right. The spring-loaded hinges can be easily reversed for right or left hanging.

If your rackmountable components have particularly wide chassis, don't worry. The cabinet accommodates various equipment sizes. Adjustable front-to-rear rails can be moved to EIA 19", 23", or 24" rackmounting and are marked every 3U for easy installation.

The rails, supported top to bottom, don't require side brackets. Since the sides and corners of the cabinet are left open, cable management is easier.

In fact, the Elite Cabinet is specifically designed for easy cable management. A cover plate below the rear door can be removed to reveal a convenient opening for cable entry (or additional air flow), and the grommeted bottom edges help prevent accidental damage to your cables. What's more, the side flanges have pre-punched holes for extra cable management or for mounting extra shelves.

All cabinet models include a movable AC power strip, which can be mounted in any of the four corners and moved up and down to suit your needs. Choose a cabinet with 6, 8, or 16 outlets. If you need additional outlets, you

can add extra power strips at any of the cabinet's corners.

You can also replace the standard louvered top panel with an optional solid top, or you can order an optional top panel containing three or six powerful exhaust fans. With the help of six fans, you can direct air out the top of your cabinet at a rate of 660 cubic feet per minute (18.7 m³/min). That's at least twice the rate of most other cabinets. The fans refresh the cabinet's interior about every 4 seconds, giving you unparalleled protection against heat buildup near your equipment.

You can also order rackmount shelves, fixed and sliding four-point shelves, and heavy-duty sliding server shelves.

For bolting two data cabinets together, order the joining kit.

M6 rails are available on 72", 78", and 84" cabinets.

Typical Application

Get organized *now*—eliminate the unsightly tangle of cables that's difficult to manage and troubleshoot. The Elite Series Data Cabinet comes pre-assembled, so it's ready for your equipment.

Specifications

Size —

525056–525058: 30"H x 29"W x 30"D (76.2 x 73.7 x 76.2 cm);

525060–525063: 48"H x 29"W x 30"D (121.9 x 73.7 x 76.2 cm);

525066–525069: 60"H x 29"W x 30"D (152.4 x 73.7 x 76.2 cm);

525070–525073: 72"H x 29"W x 30"D (182.9 x 73.7 x 76.2 cm);

525074–525077: 78"H x 29"W x 30"D (198.1 x 73.7 x 76.2 cm);

525078–525081: 84"H x 29"W x 30"D (213.4 x 73.7 x 76.2 cm);

536000–536003: 84"H x 29"W x 36"D (213.4 x 73.7 x 91.4 cm)

Weight —

525056–525058: 100 lb. (45.4 kg);

525060–525063: 125 lb. (56.7 kg);

525066–525069: 150 lb. (68 kg);

525070–525073: 200 lb. (90.7 kg);

525074–525077: 250 lb. (113.4 kg);

525078–525081: 350 lb. (158.8 kg);

536000–536003: 373 lb. (169.2 kg)

Frame — 16-gauge steel

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.

- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely

important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
