
Flat Pack Distribution Racks

Key Features

- ▶ Load to 300 kg.
- ▶ Available in 21U, 33U, 42U, and 45U heights.
- ▶ Available in three combinations of width and depth: 60 x 60, 60 x 80, and 80 x 80 cm.
- ▶ Delivered unassembled, you can assemble it on site quickly and easily.
- ▶ Robust frame construction connected with 24 M6 screws for increased rigidity and stability.
- ▶ Available in two powder-coated coloured finishes: RAL 7040 for frame, top, and bottom; RAL 7035 for door, side and rear panels.
- ▶ Fast removable side and rear panels enable easy access to the devices.
- ▶ Tinted glass door with swivel handle lock has 180° opening angle (reversible).
- ▶ Cable entries with removable blank panels on the sides, top, and back.
- ▶ Fan tray unit can be mounted in top or bottom — top frame is vented.
- ▶ Two pairs of 19" adjustable uprights.
Adjustable feet (optional lockable castors).
- ▶ Includes grounding kit and 28 mounting kits.
- ▶ IP40 rated protection.

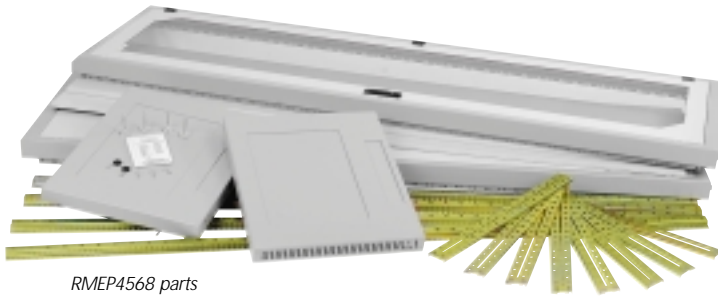

Sometimes space is tight. And sometimes you need one or more cabinets to be installed in a dedicated room that can only be accessed from a narrow corridor or a very tight staircase or doorway. Standard, fully assembled cabinets cannot do the job until they get dismounted. And that's a waste of time—your time. The BLACK BOX[®] Flat Pack Racks address these issues.

Both cost effective and reliable, these free-standing cabinets offer a reliable data/cabling cabinet solution. If you need Black Box Network Services to install your equipment on site, just give us a call!
